A SUMMARY FOR YOUR BOARD

Everything your board needs to know to decide, on a single page.

WHAT CHANGES FOR YOU

I lower my rate
On the website and on the care plan, for Canadian nonprofits.

I prepare a summary for your board
The price and what's included, to bring to a meeting.

I document everything
When your volunteers change, the next person picks up where the last one left off.

I put everything in your name
The domain and the content belong to the organization.

You stay in control
Your volunteers edit the text without me.

I report back
Every month, your board sees what I did.
